

Distar CZ A S (SAMBA XXL)

Specifications

Price	\$ 165,000.00
Year	2021
Serial	SAXLD 114
Registration	N439SW
TTAF	10 hrs.
Ad Type	For Sale
Location	Minneapolis /St Paul
Type	Sold
Summary	The SAMBA XXL is based on the very successful SAMBA (UFM-10). Excellent flight characteristics have been preserved while the cockpit size has increased to accommodate tall pilots. This makes the SAMBA XXL extremely comfortable during long periods of flight.
Airframe Details:	The SAMBA XXL is a roomy two-seat, single-engine, low-wing motor glider with side by side seating. It features all-composite construction. The fuselage is made mainly of carbon laminate with composite foam sandwich construction. The wing is composite foam sandwich construction.
Engine Detail	Rotax 912 ULS Series
Avionics	Multi Function Display MGL Avionics
Exterior	10/10
Interior:	10/10
Maintenance:	N/A
Addition Features, Equipment or Comments	The wing is equipped with slotted flaps. The flap positions are 20° and 45°. The tail surfaces are conventional layout. Typical tricycle gear configuration with steerable nose wheel. The main wheels are equipped with disc brakes. The main undercarriage is a continuous laminated sprung composite lay-up. Integral fuel tanks of 13 US gallons (50 litres) each, are located in the wing leading edge.Imported as a SLSA Glider the SambaXXL is ideal for motor glider touring, training and if fitted with a tow hook the SambaXXI can tow gliders with MTOW of 1320 (600 kilograms).
